

Abstract Title

Student Name, Major

Mentor Name, Professor of _____, Department of _____

Semester Research Conducted
(e.g. Fall 2018)

If selected for the scholarship, you will be required to submit a report. This is in the form of an Abstract (required) suitable for public release, including posting on the web. The abstract should be one or two paragraphs in length, accessible to an educated layperson, such as a member of congress. The abstract should describe the topic of your investigation, and the reason this research or scholarly activity is important. It should include a description of the specific question you are trying to address, your approach, and what you discovered or learned from the project (or progress you made toward that goal). You must ask your advisor to review this paragraph, and make sure it is suitable for posting on a web page. You may also include one or two figures (optional) with captions that could also be posted to the web.

The abstract must be submitted as a PDF file to artsciugo@ksu.edu, in the format demonstrated below: [Abstract Template](#). Abstracts are due approximately one week after the end of the semester in which the student receives the award.
