How to find course descriptions using the Undergraduate Catalog

To find the Undergraduate Catalog, click on “Academics” on the K-State home page.

Next, click “Catalogs and courses.”
Select the undergraduate catalog.

Type in the course number you’d like more information on.

Note: See “How to use Course Schedule” link to find out what a course number is.
Select the course from the search results.

The Catalog will provide you a description of the course, along with other relevant information.
