

DENTISTRY

Earning a bachelor's degree prior to admission to dental school is highly recommended. There is no preferred major. Completing the courses listed below does not result in a bachelor's degree. Additionally, students must complete the courses required by the dental schools to which they plan to apply, score competitively on the Dental Admissions Test (DAT), shadow practicing dentists and show evidence of commitment to community service. Some types of leadership experience may be helpful. There are no dental schools in Kansas but most Kansas residents accepted to the University of Missouri-Kansas City (UMKC) School of Dentistry are eligible for in-state tuition.

Requirements at individual dental schools vary. Students are responsible for knowing and completing the requirements of their major and those of the dental schools to which they plan to apply.

Reserved admission at UMKC

The Reserved Admission Program for the Doctor of Dental Surgery (DDS) degree at the UMKC School of Dentistry is available to highly motivated, ambitious, talented **Missouri** and **Kansas residents**. Admission to the UMKC School of Dentistry's DDS program is very competitive. Approximately 1,000 candidates apply every year for a limited number of seats. Successful applicants to the Reserved Admission Program will have a reserved seat in a future UMKC DDS Program class.

Reserved Admission Program students apply for admission directly to the School of Dentistry without going through the national computerized application service required of traditional DDS candidates.

Eligibility requirements

1. Carry a minimum of 15-18 credit hours per semester.
2. Maintain a science GPA of at least 3.6 in a degree-seeking program and in all prerequisite courses.
3. Complete 4 consecutive semesters of college credit as a continuously enrolled, full-time student.
4. Apply in the summer following completion of 4th college semester.
5. Show strong understanding of dentistry through shadowing experiences and a commitment to service through volunteer activities.
6. Earn an Academic Average score of 19 or more on the DAT. Score must be available by July 1st the year prior to matriculation at dental school.

NON-ACADEMIC COMPONENTS OF A SUCCESSFUL APPLICATION

Successful dental school applicants:

- Shadow practicing dentists in multiple settings. See your advisor for more information about how to start.
- Demonstrate a commitment to service through participation in volunteer activities. It is not necessary to limit volunteer service to health-related organizations.
- Often have leadership experience.
